Villa Pangi Gita

The finer points of Bali living.

The enchanting Villa Pangi Gita gently flows down a terraced hillside to the tranquil, 'singing' Pangi River that meanders through the sleepy rural village of Pererenan. Designed for relaxation, peace and privacy, this three-bedroom luxury villa pays homage to its Balinese heritage with traditional-style living and sleeping pavilions adorned with Asian antiques, nestled amongst sublime tropical gardens and trickling fish ponds. To complement this oasis, a team of warm and friendly staff are on hand to spoil guests with their exceptional service. Villa Pangi Gita is bound to delight families, attract couples and seduce even the most hardened workaholic into restful submission.
